

Deadline extension for submission of the Dissertation Agreement

According to the curriculum 2025 of the Doctor in Philosophy program at the Academy of Fine Arts Vienna, the dissertation agreement must be submitted to the vice-rector for art | teaching (via the Registrar's Office) before the start of the third semester after admission to the program.

The deadline for submitting the Dissertation Agreement may be extended upon a timely request (before the start of the third semester - that means by 30.9. or by 28./29.2. depending on the semester of admission) by the doctoral student, including the justification of the necessity, sent via email (exclusively from the student's official Academy email account) to vizerektorin_kunst_lehre@akbild.ac.at. The extension may be granted once only for one year:

Prolongation until 28./29.2. of the following year for students who started the doctoral program in the summer semester

Prolongation until 30.9. of the following year for students who started the doctoral program in the winter semester

Approval is granted by the vice-rector for art | teaching via e-mail to the student's Academy email account. The approval email must be retained until the completion of the studies.
