Students Email-Alias

What is my email-alias?

In your Business card, click "*Services*" and then "*Email-Alias*". On a seperate page, you will be able to view the new email-address, which will be structured the following way:

<vorname>.<nachname>@student.akbild.ac.at

Should there be more than one person with the same name, the system will automatically generate a number after your last name:

<vorname>.<nachname>1@student.akbild.ac.at.

Register your Email-Alias in Webmail

Log on to Webmail: <u>https://student.akbild.ac.at/webmail</u>. Click on "*Einstellungen*" \rightarrow "*Identitäten*". With a click on "+" symbol a new identity is created. Enter your email-alias (from CampusOnline) in the box "*E-Mail*". If you mark the option "*Als Standard*", your new emails are sent automatically from your alias-adress (and no longer from "*rxxxxxxx*@*student.akbild.ac.at*").
