

# welcome: center for doctoral studies

Welcome to the Academy of Fine Arts and the Center for Doctoral Studies.

The Center for Doctoral Studies is the main organizational interface unit for doctoral/PhD students and supervisors at the Academy of Fine Arts Vienna.

With October 2019 the Center for Doctoral Studies will be coordinated by Melanie Sindelar. Feel free to contact her if you have any questions regarding the PhD programmes, scholarship applications, and the support and services offered by the Center.

The Center for Doctoral Studies is at your service for the whole duration of your study. Besides offering and organizing workshops, grants and scholarships, the Doctoral Center also provides support for external grant applications. You can find all information regarding the offers and activities of the Center at our website: <https://www.akbild.ac.at/center-for-doctoral-studies>.

Further we would like to make you aware of the newsletter Art | Research. This newsletter informs about calls for scholarships, papers, conferences, events, and other news relevant to doctoral students.

The section DOC-News informs about current activities of the Center of Doctoral Studies, e.g. workshops or grants, but also offers information about external scholarship deadlines and calls that explicitly address doctoral/PhD students. The newsletter is published regularly and will be delivered to your academy-email-address. It can also be accessed here:

For an appointment please contact me via email [doktoratszentrum@akbild.ac.at](mailto:doktoratszentrum@akbild.ac.at) or via telephone 01 588 16 1115.

We wish you the best of luck and success with your doctoral studies.
